Meeting with BP re Carbon Issues

December 27, 2017 at 1:30 PM

To: Postman, David (GOV); Phillips, Keith (GOV) david.postman@gov.wa.gov

Good Morning:

Happy Holidays!

As you may recall, BP is one of our longstanding clients. The Company has a major refinery in Whatcom County, and also owns all of the AM/PM retail locations in Washington. BP has also been one of the more progressive petroleum companies when it comes to matters of public policy around carbon reduction.

In January we will have some of our senior executives who focus on these issues in Olympia late on the afternoon of the 24th, 25th and the morning of the 26th. We are hoping to meet with the two of you and any other appropriate members of your staff. BP very much wants to explore carbon related policies we can work cooperatively on moving forward — including a carbon tax.

Do you have some time on those three days?

Many Thanks, Denny
